

Tips for Riding Public Transit

While there are designated stops on each route (i.e. bus stop signs, apartment complexes, the mall, etc.), you may board any of our fixed-route buses anywhere along their route by simply flagging them down like you would a taxi. Be advised, however, that you must be in a safe location for the bus to stop and be on the correct side of the street (the side of the street with traffic going in the direction you want to travel)

*Be at the stop at least 5 minutes earlier than the projected arrival time.

*Some buses travel the same routes, so check the route number located in the area above the windshield of the bus to make sure it is the bus you want.

*As the bus approaches, give the driver a wave to make sure they see you and stop the bus.

*Have the proper fare or ticket ready—drivers do not have change.

*Drop fare in the farebox; hand tickets or transfer slips to the driver.

*Ask for a transfer slip, if needed. (Transfer slips allow for a free transfer to another bus at the CBS for the next departure of buses.)

*Get to your seat quickly and carefully—as the drivers are on a schedule.

*Please allow seniors and the disabled to ride in the designated front seats of the bus.

*Safety instructions and courtesy rules are posted behind the driver.

*Push/pull the “Stop Request” button/cord soon enough to allow the driver to pull over at the stop you need. If a bus is not equipped with them, please notify the driver when and where you want to deboard.

*If you need to cross the street after deboarding, wait for the bus to depart so that you can see traffic in both directions.

FARE INFORMATION

Adults.....\$1.00

Students.....\$.75

Senior.....\$.50

Disabled*....\$.50
